PROFESSIONAL SUMMARY

Software Developer building practical web, mobile, and automation tools with hands-on IT support experience. Experienced in defining requirements, validating real workflows, and delivering projects through AI-assisted development.

TECHNICAL SKILLS

Software Development: Flutter/Dart, Python/Django, TypeScript/JavaScript, WordPress/Polylang.

Data & Services: Firebase, Cloudflare proxy, Hive, SQLite, REST APIs; Git, GitHub.

IT Support: Windows, hardware/software troubleshooting, printers/peripherals, LAN connectivity.

WORK EXPERIENCE

Binh Thuan Eye Hospital — *IT Helpdesk* — April 2026 – Present

- Troubleshoot Windows workstations, printers, and peripherals for day-to-day hospital support.
- Supported business applications, connectivity, and device issues in routine helpdesk requests.

SOJO — *IT Support / IT Operations* — January 2026 – March 2026 — *Phan Thiet, Binh Thuan*

- Supported workstations, printers, internal applications, and LAN connectivity in day-to-day IT operations.
- Coordinated with vendors on hardware and software support issues.

The Sailing Bay — *IT Internship* — August 2025 – November 2025 — *Mui Ne, Phan Thiet*

- Delivered hands-on support for hardware/software issues, LAN connectivity, access points, VoIP peripherals, and PMS onboarding.

PROJECTS

FM Dictionary — *Flutter FM vocabulary-learning application*

- Developed a Flutter learning application with 1,847 terms, local-first learning, and pronunciation/STT flows supported by Firebase and Cloudflare.

GitHub Vault Relay — *Open-source Obsidian Community Plugin*

- Maintained and directed development of a public Obsidian Community Plugin providing GitHub-backed sync across Obsidian Mobile/Desktop.

Hotel Management [GitHub] — *Django, SQLite, RAG (HuggingFace + FAISS), Groq, LlamaCpp/Phi-4*

- Developed an academic Django capstone covering SQLite booking, inventory, cancellation, and admin workflows with six focused tests.
- Built a RAG path with HuggingFace embeddings and FAISS, using Groq cloud or optional local LlamaCpp/Phi-4 paths.

KOI Phan Thiet February 2026 – May 2026 — *WordPress collaboration; Polylang; 5-language site; multilingual menus; page-load optimization; koiphanthiet.com*

EDUCATION

Phan Thiet University — *B.S. in Information Technology* — 2022 – 2026
